

The mission of the market is to promote local agriculture, the local economy, sustainability and environmental awareness.

1. Eligibility of vendors.

Products should be locally grown or made, and produced by the vendors or their immediate representatives. To determine whether applicants meet these criteria, the following questions will be addressed:

- Are the products grown or made locally?
- What is the geographical scope of the operation's marketing?
- Are the products home- or shop-made?
- What is the volume of production?
- How many employees are involved?
- What pre-prepared ingredients or materials are used?
- Do the products have a homespun quality?
- Will the products benefit the market as a whole?

- Vendors selling by weight must provide their own certified scales.
- Vendors are responsible for any licensing or certification required for products sold in NH.
- Collection of applicable New Hampshire sales tax, if any, is the responsibility of the vendor (usually built into the selling price).

5. Allocation of space.

- Space shall be allocated annually by the Market Manager and under the following general guidelines:
 - In allocating space, the market will maintain a vendor ratio as close as possible to 60% agricultural products and 40% non-agriculture product. This ratio will be calculated using the actual number of vendors and not linear feet occupied.
 - Applications are due April 30th and are considered on a first come, first served basis.
 - Along with the annual vendor application, vendors are asked to indicate their preference as to space occupied and schedule of occupancy for the upcoming market season with the understanding that we will do our best to satisfy their requests.
- Full season vendors must pay for their space regardless of attendance. The market must be paid directly (no subletting), and payments are due upon application entry \$12.00 / week.
- Partial season vendors who schedule spaces in advance must prepay the day's rent at the time of scheduling the space at the rate of \$15.00.
- Reserved vendors must pay for their space quarterly regardless of attendance. The market must be paid directly (no subletting). Payments are due no later than the third market Wednesday of the quarter; vendors who have not paid on or before the third market Wednesday of the quarter will not be allowed to set up on the following (fourth) market Wednesday.
- If a reserved vendor has not arrived at the market by 2:30 p.m. and has not called to advise the market manager of his/her arrival time, his/her space may be assigned to an unreserved vendor. Should the reserved vendor arrive after 2:30, every effort will be made to find the reserved vendor a space for the day. However, the unreserved vendor will not be asked to relocate.

6. Regulation of structures.

- Stand space is rented based on square plots ten feet on each side. Vendors must provide their own tents, canopies, tables etc. No permanent structures are allowed.
- Tents should be set back one foot from the front line; no part of any display can extend beyond the vendor's allotted area into the customer walking areas.

- All booths, stands, and displays are subject to market approval.
- All tents must be securely staked and/or weighted during each market.

- Prepared food vendors are liable for their own cooking utensils and equipment on site at the market.

- Vendors parking will be available on a first come first choice basis from 2:30 pm – 3:30
- Vendors may drive onto the grass to unload.
